Your Rights to Continue Coverage:

If you lose coverage under the plan, then, depending upon the circumstances, Federal and State laws may provide protections that allow you to keep health coverage. Any such rights may be limited in duration and will require you to pay a monthly contribution, which may be significantly higher than the monthly contribution you pay while covered under the plan. Other limitations on your rights to continue coverage may also apply.

Federal and State laws may provide protections that allow you to keep this health plan coverage if you pay your monthly contribution. There are exceptions, such as, if:

- You commit fraud
- The health plan carrier stops offering services in the State
- You move outside the coverage area

For more information on your rights to continue coverage, contact the health plan carrier at (855) 422-8527.

Your Grievance and Appeals Rights:

If you have a complaint or are dissatisfied with a denial of coverage for claims under your plan, you may be able to appeal or file a grievance in writing. For questions about your rights, this notice, or assistance, contact us:

Does this Coverage Provide Minimum Essential Coverage?

The Affordable Care Act requires most people to have health care coverage that qualifies as “minimum essential coverage.” This plan or policy does provide minimum essential coverage.

Does this Coverage Meet the Minimum Value Standard?

The Affordable Care Act establishes a minimum value standard of benefits of a health plan. The minimum value standard is 60% (actuarial value). This health coverage does meet the minimum value standard for the benefits it provides.

Questions and answers about the Coverage Examples:

What are some of the assumptions behind the Coverage Examples?

- Costs assume individual only coverage.
- Costs do not include monthly contributions.
- Sample care costs are based on national averages supplied by the U.S. Department of Health and Human Services and are not specific to a geographic area or health plan.
- The patient's condition was not an excluded or preexisting condition.
- All services and treatments started and ended in the same coverage period.
- There are no other medical expenses for any member covered under this plan.
- Out-of-pocket expenses are based only on treating the condition in the example.
- The patient received all care from in-network providers. If the patient had received care from out-of-network providers, costs would have been higher.

What does a Coverage Example show?

For each treatment situation, the Coverage Example helps you see how deductibles, copayments and Responsibility Share can add up. It also helps you see what expenses might be left up to you to pay because the service or treatment is not covered, or payment is limited.

Does the Coverage Example predict my own care needs?

✗ **No.** Treatments shown are just examples. The care you would receive for this condition could be different based on your doctor's advice, your age, how serious your condition is, and many other factors.

Does the Coverage Example predict my future expenses?

✗ **No.** Coverage Examples are **NOT** cost estimators. You cannot use the examples to estimate costs for an actual condition. They are for comparative purposes only. Your own costs will be different depending on the care you receive, the prices your providers charge, and the reimbursement your health plan allows.

Can I use Coverage Examples to compare plans?

✓ **Yes.** When you look at the Summary of Benefits and Coverage for other plans, you will find the same Coverage Examples. When you compare plans, check the "Patient Pays" box in each example. The smaller that number, the more coverage the plan provides.

Are there other costs I should consider when comparing plans?

✓ **Yes.** An important cost is the monthly contribution you pay. Generally, the lower your monthly contribution, the more you will pay in the out-of-pocket costs, such as copayments, deductibles, and Responsibility Share. You should also consider contributions to accounts such as health savings accounts (HSAs), flexible spending arrangements (FSAs) or health reimbursement accounts (HRAs) that help you pay out-of-pocket expenses.
